

Luxury, Midrange and Budget packages are available for all safari itineraries, depending on the choices of your lodging preference.

Our customized safari itineraries can range from 2 to 14 days.

Safari packages offer a great opportunity for a Family trip, Family reunion, Honeymoon, Student Educational Travel or a group of friends who have a common interest in wildlife adventures. Cultural tour and walking safaris can be arranged upon your interest!

Sample Itinerary for a 6 day safari, includes travel time:

Safari day 1 Tarangire National Park Depart from Arusha after breakfast to Tarangire National Park for game drive. Tarangire is the sixth largest national park covering an area of approximately 2,850 square kilometers. Tarangire is famous for its huge number of elephants, baobab trees and tree climbing African pythons.

Safari Day 2 Serengeti National Park Morning drive to the Serengeti National Park via Olduvai Gorge. Millions of years ago the site was that of a large lake, the shores of which were covered with successive deposits of volcanic ash. Excavation work there was pioneered by Louis and Mary Leakey beginning in 1931. The Serengeti National park covers 14,763 km² (5,700 square miles) of grassland plains and savanna as well as river trine forest and woodlands. The park lies in the north of the country, bordered to the north by the national Tanzania and Kenyan border, where it is continuous with the Masai Mara National Park reserve.

Safari Day 3 Serengeti National Park Full day game drive in the Serengeti plains, the endless, almost treeless grassland of the south is the most emblematic scenery of the park. . Other hoofed animals - zebra, gazelle, impala, hartebeest, topi, buffalo, waterbuck - also occur in huge numbers thru out the year.

Safari Day 4 Serengeti - Ngorongoro Crater Conservation Area

You will enjoy morning breakfast then drive to the Ngorongoro National Park. Before we descend into the crater, we will stop at the Maasai Bomas (Huts) and learn about their traditional culture. You will see the unique attractions to this historical caldera where human and wildlife are living together without harming each other. One of the best places in Africa to spot the Big Five - elephants, leopards, lions, buffalo and the rare black rhinoceros - ancient Ngorongoro Crater is home to almost every species in Africa except the giraffe, who can't negotiate the steep incline down. We will have a picnic lunch on the crater floor, after lunch we continue game viewing until later in the evening, then head back to our lodge for the night.

Safari Day 5 Ngorongoro Conservation Area Descend into the Ngorongoro Crater for the day. This is world heritage site, the incomparable Ngorongoro crater is the world's largest "caldera"*. Dominated by cliffs standing some 600 meters high and presenting a sheer drop down to a wide open space of some 246 square km, and you may see everything from elephant

to lion, and if you're lucky, the near-extinct black rhino, all amongst large herds of zebra and wildebeest. Afternoon exit the crater and head to your lodging for the night.

Safari Day 6 After a leisurely breakfast, head into Lake Manyara National Park. Enjoy a picnic lunch en route to Lake Manyara National Park where you will enjoy the day's game drive viewing baboons, zebra and hippos as well as the spectacular view of the Rift Valley that opens up to the east across the lake. A small park, we will be able to see most of it in one day affording you many wildlife viewing opportunities. Return to your lodging based in Arusha for the night.
